NEFCA HOLDS MEETING

WILMINGTON: The executive board of the N.E.F.C.A. held a meeting of officers in Auburn, Mass on Jan. 15. The topics of discussion were the spring safari; improvement of camp grounds and condition and the chartering of new chapters, of which our "Shawsheen Chapter' is the latest.

The N.E.F.C.A. is a campers association of approximately 3000 members, taking in all of the New England States. This membership comprises only a small segment of many families from all over the United States who have adopted family camping as a means to visit many national shrines, vacation areas and places of interest which limited means had here-to-fore denied them.

Then, having once camped, shared the friendly companionship of a fire with people who refused to be anything but good neighbors, they came to look forward to their weeks of camping as a pleasant surcease from the speed of modern living.

It was a group of such people which first brought the N.E.F.C.A. into being. Organized as a non-profit organization, it seeks to improve family camping and increase its fun and fellowship. It issues five magazines a year, made up of articles written by members, swapping of ideas and equipment, information on old and new camp grounds information on equipment of all kinds. A magazine by campers--for campers.

In the spring, the association holds a safari which all members may attend and in the fall another trip called the "Fall Frolic". The last trip on the weekend of Sept, 23, 1960 was held at the Belknap Mountain area in N.H. It was attended by 1600 people, some coming from as far away as New York and New Jersey. Entertainment was provided for all ages and many prizes were given for winners of the events of the children's field-day.

Camping as a recreation, takes us back to something, which perhaps we are all afraid of losing in the pursuit of everyday existance. There is an equality and companionship among campers which refuses to recognize difference in solial standing, political or religious issues, nor does it take note to state or sectional boundaries. North, east, south or west, they are all one in their feeling of common interest and friendliness. Families of growing teenagers have found camping the ideal means to bring the kids back into the fold. The togetherness of camp chores and "doings", recreates a family bond that parents feel they are losing when children start going their own way.

The chapters within the parent organization consist of members of local areas. Thus, the "Shawsheen Chapter" includes members from Lowell, Billerica, Tewksbury, Wilmington, Burlington, Chelmsford, Woburn and Wincester and is open to any others wishing to join. The chapter meetings, held every second Sunday of the month carry on the interests of the campers during the winter months, provide mutual entertainment and a chance to talk and plan for the coming summer.

The next meeting of the "Shawsheen Chapter will be held at Tewksbury Town Hall on Feb. 12 at 2 p.m. There will be a display of camping equipment by the Harris Camping Sales and door prize will be given to some lucky person.

Refreshments will be served. Any persons wishing to join are welcome. For further information, call Marvin Perschal Ol 8-8171; or Tina Hancock Ol 8-3024.

TEWKSBURY SCHOOL COMMITTEE HIRES ADDITIONAL BUS

The Tewksbury School Committee recently approved the hiring of an additional bus for private school transportation to Lowell. This action has been taken to relieve somewhat over-crowded conditions on the busses. Since this bus is starting service on Wednesday, February 1, 1961, we are at this time issuing a revised bus schedule.

Every effort has been made to provide the best service possible within the framework of certain limitations such as the large number of schools serviced with varying opening and closing times and the distances covered.

We sincerely hope that this schedule can take effect with a minimum of confusion. Any questions which may arise may be directed to Mr. Brown, Assistant Superintendent of Schools, at Ulysses 1-2431.

SELECTMAN HAS AMAZING RECORD

Mr. Charles V. Statuti, Selectman of North Reading, has announced his candidacy for re-election in the Town of North Reading. Mr. Statuti has been a selectman since 1949 and is probably the most informed public official of that town. It is interesting to note that since his first election in 1949 Mr. Statuti has missed three meetings. This is an astounding record considering most public officials miss two or three meetings per year. But to miss only three meetings in 12 years seems almost unbelievable.

Mr. Statuti, who is called 'Charlie' by most residents of North Reading, feels that he can be of further assistance to the town insolving its problems because of his education, training, knowledge and experience in municipal affairs. He has many times supported matters of the town with great vigor and earnestness without fear or favor. He noted that he felt it his duty to serve the best interests of the town. 'Charlie' has taken a very active part in the charitable, fraternal and civic life of the town. In the past Mr. Statuti has also served as Town Counsel and Moderator.

John Th.F.Krey, son of Rev and Mrs. Rudolf E.M.Krey, 54 Andover St., No. Wilmington was selected this month for military service by Draft Board 57 of Haverhill.

John graduated from Boston University in 1959 with a B.A. degree. He was a premed student. When selected, John was working as an orderly at the Deaconess Hospital in Boston to earn tuition money to further his education.

Private Krey is now in training at Fort Dix, New Jersey.

Representatives Donohue and Tanner of 18 Middlesex Dist. announced today that students from Wilmington, North Reading, and Reading may now apply for admission to the new State Regional Community College located in Haverhill that will open in September of this year.

Northern Essex Community College located on Chadwick Street in Haverhill is one of three new regional colleges that the Massachusetts Board of Regional Community Colleges will open this year in order to provide a low cost quality education for students from the Merrimack Valley and surrounding towns.

The cost of attending the college will be $200 per year for tuition with an additional $100 for books and fees per year. Thus, qualified high school graduates from this area can attend this new college.

Northern Essex Community College will offer three kinds of programs ---

1. Liberal Arts - enabling a student to secure his first two years and then transfer to a four-year institution.
2. General Education - for those students who have not selected their vocational objective.
3. Terminal Programs in Business and Electrical Technology.

Northern Essex Community College will open on Monday, September 11, 1961, and applications may be secured by applying to the following address.

Fires Deal Death and Destruction

Fire killed some 11,250 persons and injured 70,000 others in 1960.

And the National Fire Protection Association reports that approximately half the deaths by fire occurred in homes. 30 per cent of the casualties were children. In 76 instances, families were virtually wiped out when four or more members were killed in a single dwelling fire.

The grim figures turned up a record. Destruction of property by fire totalled a record high of approximately $1,541,000,000. It was the first time the property-loss figure topped the billion-and-a-half mark.

The holocaust last month aboard the aircraft flattop Constellation in the Brooklyn New York, Navy Yard was 1960's largest single loss in both lives and property. 50 workmen died in the fire. Largest single loss in building fires last year was the $8,000,000 destruction of a manufacturing plant in Clifton, N. J.

PAY RAISE REFERENDUM PETITIONS IN NR

Referendum petitions which would put on the ballot for voter action in 1962 the $1500 pay raise the state legislators granted themselves after the 1960 elections are being circulated in North Reading.

Mr. & Mrs. J. Douglas Crooks, of 12 Flint Street, are acting as coordinators for the North Reading area. They are being assisted by John Mitovica, of 8 Woodland Drive, Frank Simpson, of 39 Oakdale Avenue, Mrs. James Herrick, Jr., of 95 Elm Street, Mrs. Malcolm Stevens, of 103 Haverhill Street, and Mrs. Edward Strong, of 6 Orchard Drive.

Some 38,000 signatures are necessary to place the question on the ballot at the next state election. The signatures must be secured by February 10.

Anyone interested in signing the petition can do so by calling any of the above listed people.

"The only thing wrong with the younger generation is that so many of us don't belong to it."

CHAMPION RETURNS HOME

Jeanne Ashworth receives a welcome home hug from her mother Monday night at Logan Airport.

Miss Jean Ashworth of Wilmington retained her supremacy as Senior Womens speed-skating titlist last Sunday at St. Paul, Minnesota by dethroning Mary Novak of Lombard, Illinois. Miss Ashworth is a physical education instructor at the Wilmington High School.

Another of our favorites, Miss Nancy Weinberg of Wilmington, did herself and her town proud by finishing fourth in her division. A group of local dignitaries were on hand to meet both girls at Logan Airport Monday night.

Wilmington is very proud of her nationally known daughters.

LWV CONTINUES EDUCATION STUDY

NORTH READING - The League of Women Voters will continue their study on "Support for Public Higher Education," at the February units. Unit meetings will be held as follows: Feb. 7, 8 p.m., at the home of Mrs. Gregory Coffin, Chestnut St.; Feb. 8, 8 p.m., at the home of Mrs. Robert Chatelain on Central St.; and Feb. 9, at 9:30 a.m., at the home of Mrs. James Allen on Damon Street.

The Committee studying this educational problem is composed of Mrs. Ralph Costanza, Mrs. G. Bradford Leighton, Mrs. Joseph Saia and Mrs. James Sardina. Everyone interested in this subject is welcome to attend any of the unit meetings.

It is felt that although there have been recent improvements in higher education, such as the appropriations to establish a new technological institute in southeastern Massachusetts, the gains are insufficient in proportion to the rising needs of our college age population. Among subjects to be discussed at the forthcoming units will be the Regional Community College, the present system of standards for accredited colleges and state controloverpublic higher education.

A concensus of the League's two year study on support for higher education will be taken at these units.

J T HOOD ANNOUNCES CANDIDACY

Mr. J. Turner Hood, Jr. announces his candidacy for the three year term of office on the North Reading School Committee. His qualification for that office is forty years of service dedicated to the advancement of public school education.

Mr. Hood received his Bachelor of Arts degree from Olivet College in Michigan and his Master of Education degree from Boston University, where he was elected to membership in Phi Delta Kappa, national honor society. He did additional graduate work at Boston University and Harvard. For four years he was a high school teacher and coach in two mid-western states and later in Massachusetts where he remained to serve twenty-four years as high school principal and twelve years as a school superintendent, this last service for the Town of North Reading.

During his tenure in North Reading, the system was expanded from one elementary-junior high school to four elementary and one junior-senior high school. Mr. Hood was able to plan for such expansion because of his comprehensive educational experience, and by professional study and experience in business, where for two years he held an executive position with the Hood Rubber Company.

Mr. Hood has been recognized for his work in education by having held the offices of president of the Massachusetts Teachers' Association and vice-president of the National Education Association. He has published educational articles in THE MASSACHUSETTS TEACHER and THE NATION'S SCHOOLS.

A veteran of World War 1, Mr. Hood is a member of George F. Root Post, American Legion. He is past president of the North Reading Rotary Club. He is a home owner and tax payer in the town of North Reading.

PERSONNEL BOARD SUBMITS ARTICLES TO SELECTMEN

NORTH READING - The North Reading Board of Selectmen held their regular weekly meeting Thursday night, with Selectmen MacRae, Doten, Statuti and Ryan present. On a motion by Selectman Doten, seconded by Selectman MacRae, Selectman Statuti was made Acting Chairman.

It was unanimously voted to pay a bill from Magee-Donnelly for work done when the water pipes in Town Hall burst last week-end.

Sealed bids, to be opened at 8:00 p.m., on Lot 302-Liberty Acres were called for; and as there were no bidders the matter was tabled.

William Ryer, Jr., Ed Donnelly and William Cullen, of the Personnel Board met with the Board to discuss articles to be inserted in the Annual Town Warrant. Among matters discussed was a 3% across the board adjustment raise for all Town employees. Also discussed was a raise for the Deputy Fire Chief, which would make his salary two hundred dollars a year less than the Fire Chief, on a step basis. The Selectmen stated that they had requested that the Personnel Board make up this article for a raise in salary for the Deputy Chief. An Article is also planned for changing minimum salary rates for the Welfare Dept. employees, so that they would coincide with the rates set by the Civil Service Director.

Other articles discussed concerned an adjustment of the Town Accountant's salary, as he is now on a full time basis; the classification of a Working Foreman for the Water Department; and a $2.00 per week step raise for the mechanic of the Public Works Dept., to cover rental of his tools. It was also felt that in case of suspension of a town employee, the Personnel Board should have the right to appeal the matter to the Board of Selectmen if the parties concerned cannot come to an agreement.

The Board was in convergence with Town Counsel John Canino and Town Accountant Harry Jones.

Selectman Statuti made a motion that a light be installed on pole #18 Winter Street, in front of the home of Robert Equi. The motion was seconded by Selectman MacRae, voted unanimously, and a letter was written to the Reading Municipal Light Co., requesting that the light be installed.

A request was received from the Hillview Country Club to keep the bar and hall open until 1:00 a.m., as follows: Thursday, Feb. 2, 1961 for the Stoneham Telephone Party; dancing permit for the wedding reception of Mary Casazza Feb. 12, from 4 to 10 p.m. Permission was unanimously granted.

Articles for the Warrant concerning the dump were also under discussion, and it was stated that Selectman Sands was to have looked over a possible new dump sight and talked to the owner. However, as he did not attend the meeting no further information on this subject was available.

The Board decided to write a letter to Norman Kerman, Chmn. of the Town Government Structure Study Comm., requesting him to meet with the Board next week and discuss the recommendations of this Committee.

The Board went into executive session with the Town Counsel and Town Accountant to discuss the Town's insurance policies.

MOOSE BANQUET HELD

NORTH READING - The sixth Anniversary Banquet of Moose Lodge #1511 was held Saturday evening at the Hillview Country Club. The affair was termed a "great success," by the nearly 200 members and their guests in attendance.

Guest speaker for the evening was James McKeon, State Director of the Loyal Order of Moose, Mr. McKeon announced that ground breaking ceremonies for the new local Moose building were set for March 15, 1961. The building is expected to be built adjacent to the Lodge Home.

Door Prizes of Lanvin perfume for the ladies and cigaret lighters for the men were awarded.

Following a chicken dinner, dancing was enjoyed to the music of a well known orchestra.

Chairman in charge of arrangements for the banquet was Sam Bellino.

CRUSADER TO BEGIN SPECIAL FEATURE

Beginning with the issue of February 9th, the Crusader will bring its readers a fascinating new weekly series -- "100 Years Ago This Week in the Civil War."

Told in an exciting present-day style and format and illustrated with photos and drawings, the stories will recapture all the color and tragedy of the Great Conflict. Events will be reported exactly 100 years after they occurred, week by week, but as if they were happening now.

Shapings of the clouds of war that cast ominous shadows over our troubled land; the great and bloody battles of that war; the political doings relative to it; informative feature stories about the men who fought it; these will be told in datelined "dispatches" with all the hard-hitting impact of current reports from The Congo, Laos, Cuba, Washington or the U. N. The first dateline is Feb. 11, when a grim, resolute ex-rail splitter named Abraham Lincoln, the shaky nation's president-elect, left his home in Springfield, Ill. for Washington, D.C., and his date with destiny and immortality.

During the course of the series all of the war's great battles -- on sea as well as on land -- will spring to life in "on-the-spot" stories and illustrations. Little-known aspects of the war that split a nation will be reported in bright, smooth-reading feature stories.

Authenticity is the keynote of the series. The stories have been research down to the last detail. Authors of the articles are two Chicago newspapermen, Eugene J. Czachorski and E. V. Moran. They are distributing it nationally through the Hegewisch News Syndicate, of which Czachorski is editorial director and Moran managing editor.

Don't miss this thrilling, educational series, starting with the February 9th issue of the Crusader.

HEART FUND APPOINT MADE

The appointment of Mrs. William P. Dayton, 214 Burlington Avenue as chairman of Clubs and Organizations for Wilmington's 1961 Heart Fund was announced today by General Chairman Fred T. Corum.

The annual February fund campaign, sponsored by the Massachusetts and American Heart Associations, makes possible programs of research which have scored major medical advances over the past several years.

Other vital Heart Association programs of public and professional education and community services also are made possible by Heart Funds.

The four-week fund drive will be highlighted on Heart Sunday, February 26, with a house-to-house canvass in which residents of this community will have the opportunity to share in this life-saving effort.

Heart and blood-vessel disease account for more than half of all deaths in this community, the state and the nation.

OPERA 'CARMEN' TO BE PRESENTED

The opera Carmen will be presented in English by the New England Opera Company under the direction of Boris Goldovsky Monday night at 8 p.m. in the Reading Memorial high school auditorium.

The production is being sponsored by the Reading Teachers Association.

The sighs you heard around town last Friday were sighs of relief from Junior-Senior High School students as they completed the last of their mid-year exams.

An excellent program was presented Wednesday evening by the Local League of Women Voters in their second annual "Introduction to Local Government," meeting. Unfortunately only about 35 interested citizens attended to hear Clarence Wedge, of the Board of Assessors, Miss Elizabeth Batchelder, of the Library Trustees, and Herbert Mosher, Welfare Agent, speak of the duties of their respective departments. Mr. Wedge passed around sample of the assessing cards which are used in conjunction with a data book as a criteria for assessing property in the Town. Miss Batchelder distributed copies of statistics concerning the operation of the library and its budget going as far back as 1925.

A lively and informative discussion period followed.

"A good time was had by all," seems to sum up the opinions of the many who attended the most successful dance held by the Newcomers Club at the Yankee Doodle in Lawrence Friday Night.

The Mt. Carmel Chapter of the Eastern Star will sponsor two showings of the Jubilaires' latest production, "Lightly Seasoned," on Feb. 24 and 25, at 8:15 p.m., at the High School Auditorium.

This well known group of musical entertainers has been delighting local groups, as well as out-of-town groups, for several years and have reched the point where they put on a professional production.

Their latest show features music of all the seasons, to your taste.

Tickets may be obtained from members of the Jubilaires, Eastern Star members or at the door.

About 40 couples attended the Knights of Columbus dance and buffet held at Grange Hall Saturday night. The affair was such a tremendous success, that the Knights plan to have another one in the near future.

Entertainment was furnished by local talents Howard King and George Haley. Howard entertained with witty stories and some real hocus-pocus magic tricks. George delighted the group with his soft shoe routines. Charleston dance lessons and community singing completed the evening.

At their Feb. 15 meeting the Batchelder PTA will have as their speaker the well known pediartician from Andover, Dr. William O'Reilly. The Wednesday meeting is for this month only, instead of the usual second Tuesday of the month.

As Simple As A-B-C

There's something drastically lacking in the current battle over the Federal aid to education issue. The spendthrifts who want the government to subsidize our schools don't explain how the schools would operate. Shucks. That's easy. By 1968, the school superintendent would do it this way:

Parent: My child says the cafeteria food is bad.

Superintendent: Why tell me? Write the Secretary of Agriculture.

Parent: How come my boy was kept after school for throwing spitballs?

Superintendent: Detention for spitballing was upheld by United States Supreme Court versus Joyner, May, 1967.

Janitor: I want a raise.

Superintendent: No problem. Call your Congressman.

Teacher: Can I order some new history books?

Superintendent: Not in this election year.

Parent: How long is Christmas vacation this year?

Superintendent: Did you vote in the last election?

Principal: Where are the erasers, chalk and pencils we ordered?

Superintendent: You'll have to wait. Military appropriations were increased last month.

Proud Father: Look. My boy Scott is awfully smart. Could he skip two grades?

Superintendent: Is he a Republican or Democrat?

POLLY NUNES IN THE RACE

I, Pauline (Po'ly) M. Nunes, candidate for the Board of Selectmen, am married, have four children, and have resided in North Reading for thirteen years.

I have regularly attended meetings of the Board of Selectmen for over a year as a newspaper correspondent. For the past six months I have served on the Town Government Structure Study Committee.

Because of inefficient handling of important public matters, i.e., the Concord Street land takings; The bungling of the contract for the High School; The haphazard handling of the Drinkwater land takings; Excessive sums spent for outside legal counsel; Lack of policies for future improvements; Conflict of interests; and the spiraling tax rate (estimated at $105.00 for 1961) only a change in administration can achieve economic stability and a community of which we can be proud.

Many towns have elected women Senators, Representatives and Selectmen. The women voters of North Reading are entitled to representation on a five-member board.

Among my civic activities are the following: Member, League of Women Voters, North Street School PTA: former Public Relations Chairman and Troop Leader, Reading-North Reading Council of Girl Scouts; Chairman, CYO Mothers, 1959-61; Past Secretary, St. Theresa's Guild; Secretary, St. Theresa's Minstrel Show; Secretary, Town Structure Study Committee.

I pledge, if elected, economy and reform, through HONEST, EFFICIENT GOVERNMENT and strong community leadership.

LETTER TO EDITOR

Is North Reading's soaring tax rate controllable?

It is, but only if North Reading voters are willing to face up to one of its basic deficiencies -- the lack of dynamic, positive leadership on the Board of Selectmen capable of providing the thinking, planning, and programming for the future.

I have developed a 7-point program which, if properly implemented, realistically can help stabilize the tax rate. This entire program is geared to the future, which continues to be our most pressing problem and to which very little thought has or is being given.

Among other things, my program calls for capital budgeting for which there is a critical need. Our current $86 tax rate is a vivid reminder of the effects of population growth and the corresponding growth of town services. Nor is there a let up in sight in the demand for new services.

Each year, for example, the public works, school, fire, police and other town departments or boards request capital outlay appropriations. Under our present system, the town meeting is obliged to consider this heavy spending without any precise knowledge of what capital items may be requested next year. Nor is there any way of knowing whether other capital items may be needed more urgently than those proposed. For these and other reasons, I would establish a Capital Expenditures Planning Committee which I consider fundamental to the orderly spending of our tax dollars.

The Committee would consist of six members -- two each appointed by the Selectmen, the Finance Committee, and the Planning Board. A new by-law would have to be adopted which would require all department heads to submit annually a list of capital expenditures considered necessary during the next five years.

The Committee's purpose would be to (1) forecast the future town revenue from all sources and schedule by priority the necessary capital expenditures; (2) integrate the town's long-range physical and financial programs; (3) balance future capital expenditures against the town's ability to pay for them; (4) help maintain a relatively stable tax rate over a period of years; and (5) maintain a reasonable relationship between loan borrowing and "pay as you go" financing of capital expenditures.

After reviewing the requests, evaluating their urgency and the town's ability to pay for them, the committee would then submit to the finance committee and the town an annual long-range capital outlay program, with recommendations. For purposes of their study, a capital outlay would be any disbursement for the purchase or construction of relatively expensive properties, facilities or equipment, with a usable life of more than five years.

The first year of this program would be put into action through town meeting action. The remaining four years would be presented on a tentative basis after having been carefully scheduled and integrated with the estimated financial condition of the town in each of the subsequent four years. This capital budgeting program would not be projected beyond five years. This is primarily because unpredictable cost and revenue changes make an accurate forecast over a longer period impractical.

Capital budgeting is one of seven specific steps I believe must be taken to assure orderly and balanced future growth and development for North Reading, and a stablized tax rate.

Sincerely yours,
John Mitovich

STRIKES & SPARES

by Tania Wollemon

Well liked Barbara Hoyt and Bob Enos are among the top bowlers in the N.R. Sunday Niters Couples League.

The American Legion Post #62 in Reading had Russ White take the high single of the season with a very nice 149. He also has the high triple of 357. Ed Bennett rolled 130 for the week's high single and Harry McLeod ended up with a 324 triple. The Alley Boys team have an outstanding team triple of an 1809! In the Auxilliary, Barbara Meuse still holds the high triple of 305, but she almost lost it the other night when Rita DuLong was right in there until the last couple of boxes and ended up with a 303. Too bad, Rita, but there are other Tuesday nights and say, did you remember to wear your good-luck charm? Dolly Dailey and Rita are tied for the second high single.

The Tewksbury Smoke-Eaters League went to a testimonial dinner in lieu of their bowling last Thursday night, sooo, no news!

Joan Motowylak was apparently a little bit of a fortune teller Sunday night, (that is for herself) for when the seams of her slacks decided to part company, she very nonchalantly went to her car to get the spare pair she brought along. Was it foreseeing, Joan, or profiting by other past experiences??? The Sunday Niters Couples League had Stet Hunt bring his average up to 105.22 and that is but GOOD. Dot Standley did her bit Sunday night and rolled a beautiful 130. I think Dave Mahar deserves a hand for bringing his average up from 87 to the present 97. Orchids to Richard Hoyt for his triple of 310 which shows he is also on his way up.

Already the subject of the World Tournament is on many keglers lips. Leagues are lining up the teams that are going to be entered, other bowlers are lining up partners for the doubles, in fact, its the main topic of conversation among the bowlers and will be from here on. This Tournament is for Championships in Candlepin bowling.

Only a few miserable pins separate June Richardson of the Antlers from a 100 average. If I know June, she will pick them up next Monday night. Marion Denning missed getting her 120 MBA pin last night by just 2 pins. Marion talked to herself all the way home.

Much to our MBA Pro Girls sorrow, they dropped 6 points to the Ipswich team. My money is still on you girls, to bring home the bacon at the end of the season.

Either this Sunday or the following one, the top five men of the Sunday Niters League have a potential match with the five top bowlers of the Reading American Legion Post #62. This should prove to be quite a good match and I intend to be there cheering BOTH sides on.

The St. Dorothy's Women's League in duckpins had N. Hembree bowl a blistering [illegible] for the new high triple. Thank you, M. Carter, for being my I. Ben Snupen in this league. E. McVicker has moved up to first place in average standing with a 103.2. Right behind [illegible] however are H. O'Brien with 102.9, and N. Hembree with 102.1.

Quannapowitt Players to Present "The Gazebo"

Take a fast moving comedy and brew it with the chills and thrills of a suspenseful "whodunit" and you have the formula for the Quannapowitt Players forthcoming production "The Gazebo" to be presented Feb 24-25 at the Wakefield Memorial High School at 8:15 p.m. Written by Alec Coppell, "The Gazebo" has been played with great success on the stage and more recently on the movie screen.

The laugh provoking, yet at the same time spine-chilling, story centers around a murder supposedly committed in the opening scene when a man opens a door, is shot at, and falls to the ground. However, as the play continues it is learned that the "dead" man was found murdered in his apartment miles away at the same time the shot was fired. With this startling discovery, the writer brings the audience through the realistic and satisfying conclusion.

The Players have confined their own ingredients of quality to further insure the success of this production. Paul and Donna Mion, remembered for their "Mr. Roberts," and Teahouse of the August Moon", will direct. Marjorie Whittet, director of last season's dramatic hit "Separate Tables" and star of "Fourposter," will appear in the leading female role of TV actress Nell, who, it is discovered, has a good motive for murder. Bill Hurd, new to QP audiences, but well known for his work with the Melrose dramatic group, provides the male lead, Elliott, a writer of TV mysteries, with assertiveness and humor. W. James Lawthers, "Harvey's" loveable Elwood P. Dowd, creates the role of Harlow, the inquisitive district attorney, while Evelyn Holmes, outstanding in her character parts in "Janus" and "Solid Gold Cadillac" brings the chatty and allknowing Mrs. Chandler vividly to life. The cunning, oily "Dock" and the heavy-fisted, slow-moving thug Louie, are played by Jack Breen and Frank DeFazio, two more new faces in the Players' roster. Mr. Thorpe, the contractor who builds anything from "what'll you have to a cathedral" is vitalized by Sumner Blanchard, so sterling in his dual role in last season's "Tables". Rounding out the cast are Marshall Bibber, director of "The Moon is Blue", as the detective, Milton Copp, as the hard-pressed-coroner Dr. Wyner, and Robert Hassinger, as the dutiful cop.

Tickets will be available at the door. For reservations call Ella M. Stockwell, C R 6-5227.

MEN COMBINE FOR MENTAL HEALTH SUPPORT

Recently, Chairman Joseph J. Whelan of the Tewksbury Board of Selectmen with Mr. Joseph Bastable, Guidance director of the School System attended a highly important meeting held in Lowell to further advance the already proven worthwhile cause of aiding our troubled youth. In attendance were many important figures throughout the area, whose interest along with the two representatives of our town was proven by their attendance. In a final breakdown there will be an article in the warrant for the annual town meeting sponsored by the board of selectmen to further insure the continuance of treatment when needed. This will ask for approximately eight hundred odd dollars to help at any time boys or girls who may be in dire need of getting back on the right track. Voters of Tewksbury will be asked to support this article and give the small pittance which is asked to help set one of our younger generation back on the road to becoming a health, contributing factor to society.

AROUND TEWKSBURY

with Helen Murphy

OL-8-4148

Mrs. Peggie Heidenrich, publicity agent for the Playground Commission has announced that despite the severe weather the Arts and Crafts program is being carried on each Saturday and being met with great enthusiam. The energetic efforts of Frank Flanagan, recreation director, the cooperation of the Public Works Department and the willingness of the school children have all combined to spell success. Mr. McGuire, Art Director, reports that the adversity of the weather far from dampened the creative spirit of the children attending but served to stimulate the group to a vigorous display of creative art effort. At these sessions paper mache, puppets, soap sculpture, hook rug making, and pot holder weaving were begun. Next on the agenda is copper enamel jewelry, wooden pencil cases and wax candles.

Make a date to be at Memorial High School on Saturday mornings and become part of this program. All school age children are eligible to attend. Those students attending religous instruction on Sat. mornings are invited to be on hand for the second half of the program which starts at 10:30 A.M.

Really Reading ! !

By Donna-Lane Boudreau 944-0188

Now that Reading has climbed out of the deep freeze with the rest of New England, temperatures of 15 and 16 degrees seem comfortable indeed . . . And speaking of this winter season, the public works crews do a mighty good job of snow clearance in comparison with many other communities so thinks the majority of local motorists ..... And back to weather, didn't old mother nature cooperate nicely for the two day winter carnival sponsored by the recreation committee with the Y.M.C.A. and school athletic department giving an assist. There seems to be two sides to the reason the hockey game was cancelled though.....Sunday brought out skaters of all ages in droves, from the double runner set to the not-so-young determined to have another go on the silver blades, shaky ankles and all.....How about that?

****

In December, the dump was praised as a sanitary, efficient operation. Less than 30 days later came a "stop burning at once" recommendation. And both opinions from the same man, Dr. Charles R. Baisley, Board of Health chairman. Even the Board of Public Works members did a double-take when they heard the chairman's unexpected letter read at a recent session.....The new honor system at Reading Memorial High School that permits high honor students to attend classes at their discretion would seem to be an unqualified success at the end of the first marking period since its inception. Tentative reports say five boys have joined the exalted ranks and one girl has been dropped by the narrowest margin.

****

Stamp collecting (and we don't mean philately) has the local homemakers pouring over premium catalogs as the First National Stores have joined the club. Apparently it's a pleasant chore, sticking, saving, and anticipating what the completed stamp books will suffice to secure for the whole family.....Exams are over in most colleges and several local students are home after the ordeal. Among them, Nancy Saylor, 54 Curtis St., from Colby Junior College, and brothers Taylor, 232 High St., Jeffrey from Mass. State and Vernon from Keene Teachers College.....It's show time in the P.T.A. circles again. Pearl Street started rehearsal on its annual production this week. Another musical comedy type for which the group has earned laurels for more than a decade. Birch Meadow is rehearsing "Yeoman of the Guard" under the direction of Dr. R. Tracy Eddinger. And 'tis said the Highland Fling is underway at the Highland. Apparently the parents find these productions fun and profitable.....Looks like a quiet election year after 1960's riotous affair. This column observes a deadline prior to the 5 p.m. filing deadline, so no further comment.. The new pumper has been passed by the New England Fire Association and pumped 1,300 gallons in its test, 300 more than required. It was a cold, cold day on the shores of Quannapowitt when the firefighters manned the new apparatus for the test.

The new Arthur W. Coolidge Junior High School should be ready for occupancy Feb. 27 barring unforeseen circumstances, the building committee was assured by representatives of the architectural firm, Smith and Sellew.

The school will cost some $1,952,000 when it is completed and equipped.

The building is designed with double corridors and two inner court yards. Contoured walls in the music room, a modern cafetorium and a regulation gym are among the features.

It houses 18 classrooms plus home economic, industrial arts, art and science rooms.

Minor details will remain for completion, Mr. Partelow pointed out and landscaping is slated for warm weather months.

****

Linda Snow and Kenneth Olson reigned as King and Queen of the Winter Carnival Ball Saturday night. The affair climaxed the two day carnival held for all school children by the Recreation Committee.

The carnival's many events include contests, a skating party, a basketball game, a figure skating exhibition, and a bonfire.

Both Miss Snow and Mr. Olson are seniors of Reading Memorial high school.

****

The "B" Sharps, a barbershop quartet and the Regional Champions will be featured entertainment at the high school auditorium Feb. 10.

The concert will benefit the R.M.H.S. scholarship fund.

****

The Board of Selectman will review the fees charged for the police ambulance as a result of a complaint made by a Reading resident. The unidentified complainant stated that the fees were unnecessary because the ambulance was paid for by the taxpayers.

Current charges are $5 in town limits, $7 for surrounding towns, and $10 for Boston.

Police Chief Roland E. Ellis does not feel that the ambulance belongs to the department and would like the force to be relieved of the responsibility.

Some 30 trips have been made this year.

****

The Good Samaritan Lodge A.F. & A.M. will be the recipients of a Father's degree to be presented by the Reading Assembly No. 29, Order of Rainbow for Girls February 9.

On Wednesday the organization conferred the fellowcraft degree on a group of eligible candidates.

SHORT CIRCUITS in WILMINGTON

One of my best friends died last week; his name was Spike-my 14 year old Dalmation. Those of you who are not dog fanciers will find it silly of me to mention it, but those of you who are will know what I am feeling at the moment, and I think there is some truth in the old adage " misery enjoys company".

I received a call last Saturday morning from a citizen who felt I did not go quite far enough in my commendation of Cecil Lancaster last week. My caller stated that "although snow removal in our town has always been good; it has been the best ever this year and Mr. Lancaster is the only newcomer aboard".

I'll buy that; and add that this year ALL town help and equipment are on the road before outsiders are hired. Mr. "L" really knows whats going on too--spends a good deal of time at the highway building himself during storms.

Also--have you noticed that the lake is being cleared for the benefit of localities who wish to skate?

The Wildwood Parents Club held their business meeting at 8 p.m. last Monday, Jan. 23. Prior to this meeting, conferences took place in the classrooms between parents and teachers. A coffee hour followed.

Mr. Larry Cushing made quite a hit with his informative talk and movies describing the recreational activities available in Wilmington throughout the year. It was of special interest to the newcomers of Wilmington who were learning for the first time of the numerous activities planned for both children and adults. There was quite a show of interest when free golf lessons were mentioned. These are held on Wednesday evening for men and Thursday night for women at the high school. Also the group appreciated hearing that in the summer, swimming lessons could be arranged for adults at a time least embarassing to the would-be swimmers.

As advance notice, mark the March meeting of the Wildwood Parents Club on your calendar and plan to attend as Mrs. Hooper, program chairman has a fine program planned about which more will be announced later.

The traveling cake sale has started on its journey and members of the group have high hopes that at journey's end it will furnish the necessary money for the usual beloved May Day Celebration.

According to neighbors in the area, who "went for a stroll" last week, one of our most attractive industrial buildings is hidden way off the road down on lower Woburn St. "It's a shame" states our informant, "to have such a concern at the "Terrett-Cooper Corp., " so well hidden--considering what we have in plain sight along Main St."

It seems that there is very little interest in the three vacancies which are to occur on the Housing Authority--none has choosen to run to fill any of them. Seems too bad, in a way as this gives our governing body complete control over who serves--if none is elected to an office, the Board of Selectman has no choice but appoint successors.

We have four men seeing seats at the Selectmen's Table--John Brooks, who has been serving for the past several months--James Donahue--Mr. Donahue has served for some time as a member of the Housing Authority--Nick DeFelice, a member of the board for many years and Rene LaRivee who has served the town well as Director of Civil Defense and in other capacities.

Three men are "in the race" for positions on the School Committee --Glenn Connolly, who I am told is an Instructor at Tufts--don't know much about Glenn, a newcomer to the political scene, but do know he served as Validictorian of his high school graduating class. Arthur Lynch, a former member of the committee is again "in the running" and George Roberti, a present member is seeking reelection.

There are several Valentine Dances scheduled for Saturday evening, Feb. 11--the same evening for which the special town meeting has been set. Sure hope social commitments don't keep citizens from forming a quorum at the high school--we really need the industry for which these rezoning articles have been set up. Hope those who wish to attend the dances will "show up" at the town meeting first and go on to the dances later.
